Accident Insurance for Student Athletes: The Catasauqua Area School District does not carry medical insurance on students but does provide parents the opportunity to obtain a group Student Accident Insurance Policy. Please refer to Appendix E, “Voluntary Student Accident Insurance Coverage.” For more information, please visit our District website: [CASD Website](#).

Aerosol Sprays: Asthma is a chronic lung disease. Approximately 12% of all Pennsylvania residents, adults and children, have asthma. For people who have asthma, certain “triggers” cause the airways and lungs to become inflamed. When the airways begin to narrow due to the inflammation, little air can pass through into the lungs, and it becomes difficult to breathe. Wheezing, breathlessness, chest tightness, and coughing can occur. This is called an “asthma attack” or an “asthma episode.” These attacks can vary in severity and can be mild or life threatening. There are many common triggers of asthma attacks that, include air pollution (indoor and outdoor), smoke, dust mites, pets, mold and mildew, strenuous physical activity, strong emotions, viruses, some medications, some foods and odors, and aromas due to lotions, aerosols, air fresheners, scented oils, potpourri, and diffusers. The reaction to a trigger varies greatly from person to person.

Our school population is similar to the population of Pennsylvania in that approximately 12% of our students, faculty, and staff have asthma. We are informing our students, faculty, and staff to be proactive and help prevent any potential asthmatic triggers by not using aerosol sprays (including cologne, perfume, and aerosol deodorants) or perfumed lotions during the course of the school day.

We greatly appreciate everyone’s cooperation in protecting the health, safety, and well-being of our students, faculty, and staff who have asthma and allergies. If you have any questions regarding this information, please contact our school nurse, Mrs. Donna Tercha, at 610-264-4341.

Assembly Etiquette: Students are expected to show consideration for those presenting assemblies. Courteous behavior includes listening attentively, making eye contact, clapping when appropriate, and avoiding distracting behaviors such as whistling, talking, etc.

Assessments and Student Data: The Middle School administers several types of assessments throughout the school year to help determine student achievement levels, academic progress and identify students who may be in need of additional educational opportunities. Such assessments include Curriculum Diagnostic Tools (CDTs), Exact Path, and other curriculum based assessments.

Arrival and Dismissal Traffic Procedures: Please adhere to the traffic patterns for the 2023-2024 school year. For the safety of all students and staff, please do not pass around vehicles that are stopped to drop off or pick up students. [CMS Arrival Map](#) [CMS Dismissal Map](#)

Assault: A student is guilty of assault when during the attack of one person on another, an offender uses a weapon or displays it in a threatening manner, or the incident results in obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe lacerations, or loss of consciousness. (See fighting / physical aggression).

Attendance:

- **Residency Requirements for Students:** All students enrolled in Catasauqua Middle School must maintain residence within the boundaries of the Catasauqua Area School District. In the event that a student would move within the Catasauqua Area School District during the school year, a change of residence form MUST be filled out through the District Administration Office.
- **Attendance:**
Regular attendance is essential to success in school. A good attendance record is necessary to ensure the continuity of the educational process, promotion, personal growth, and individual development. Excessive absenteeism generally results in decreased academic achievement.
 1. Once a student exceeds five (5) days of absence, written notification may be made to

remind parents of the importance of regular school attendance.

2. As per state regulations, when ten (10) absences have accumulated, the parents/guardians will be notified that a physician's excuse, indicating that your child was seen by a doctor or medical practitioner, will be required for each absence thereafter or the absence will be coded as unlawful/illegal. Please note that "self-reported" doctor's notes will not be accepted.
3. Special consideration will be given to students who are seriously ill for an extended period of time and are unable to attend school. A student may be placed on homebound instruction if a doctor requests it and the parent notifies the school guidance counselor and obtains the superintendent's approval.

- **Excused & Unexcused Absences:**

The compulsory attendance law requires a child of compulsory school age to be in attendance at school unless absent for an approved reason and charges the parent of the child with the responsibility for such attendance. Compulsory school age refers to the period of a child's life from the time the child enters school as a beginner, which shall be no later than at the age of six (6) years, until the age of eighteen (18) or until graduation from a regularly accredited senior high school, whichever occurs first.

- **Excused Absences:**

The Department of Education states that an absence shall be excused for the following reasons: illness or quarantine, religious holidays, death in the family, impassable roads, inclement weather, required court attendance, or exceptionally urgent reasons (not including work). The following are excused if approved in advance by the principal or designee: school-sponsored trips, family educational trips, and college visits. Students will be allowed two (2) excused days in November for hunting season if approved in advance by the principal. A student who has been absent will have the same number of days available in which to complete the work and tests that were missed as the number of school days for which he/she was absent. It is the responsibility of the student and his/her parents to inquire from the student's teachers about the work that must be completed and to complete the work within the prescribed period of time. All schoolwork requiring the assistance of a teacher will be made up during the school day as the schedule permits. According to Pennsylvania School Code, Chapter #2, Section 13-1330, the building principal can excuse any child for matters of attendance during temporary periods.

Parents/guardians of students who are not attending school due to illness are asked to notify the school in one of two ways. Parents/guardians may call the school at (610) 264-4341, and select Option 1, before 8:00 a.m. to report their child's absence. Please note, if choosing this method, we still require an absence excuse to be sent in with the student upon their return back to school. CMS has implemented an online attendance excuse form. Once this form is submitted, it will be sent directly to the main office. No additional excuses are needed unless further documentation would be requested by an administrator. Parents/guardians who do not report their child off from school will receive a call at home to verify the absence.

- **Unexcused Absences:**

An unexcused absence is considered to be an unlawful absence if the student is within the compulsory attendance age. Failure to submit an acceptable excuse within three (3) school days may result in the absence turning into an unexcused/unlawful absence. Additionally, after the accumulation of 10 days of absences from school, the student will be required to obtain a doctor's excuse. Failure to obtain a doctor's excuse after the accumulation of ten (10) absences will result in an unexcused/unlawful absence.

- **Dental/Medical Appointments:**

Parents are urged to make appointments outside of school hours. If that is impossible, students are required to submit an appointment permit from their parents and hand it into their

homeroom teacher. These appointment permits will be forwarded to our main office. Appointment permits can be obtained in the main office or on the Middle School website.

The appointment time will be noted on the absentee bulletin, and the teacher will give the student a pass to be excused from class to report to the main office. **A parent/guardian or responsible adult must come to the main office to sign out his/her child after showing a picture ID.** The student must report to the main office before leaving and when returning from an appointment. Students are requested to bring a note from the doctor/dentist that certifies that the student was treated at the appointed time.

- **Educational Trips:**

Students may be excused from school attendance to participate in non-school-sponsored educational trips. To be eligible under this section, the following procedure should be followed:

1. The student's parent/guardian must complete the Educational/Emergency Permit, and the student must present it to each of his or her teachers for approval at least five (5) days before the trip. Once all teacher signatures have been secured, the student must submit the form to the Main office. These permits can be obtained in the main office or on our CMS website.
2. In a given school year, the amount of time allowed for educational trips shall not exceed a total of five (5) days consecutively or cumulatively. Additional days will be classified as unexcused and could be subject to legal proceedings prescribed by attendance regulations. If a student requires a doctor's note due to ten or more accumulated absences, educational trips will be denied, and all dates will be coded as unexcused.
3. Your child's teachers and principal will review the permit; approval of the permit is based on the student's academic records, attendance records, and teacher recommendations. *Please note that any educational trip request submitted during the Pennsylvania System of School Assessment (PSSA) testing dates will **NOT** be approved.
4. Failure to get pre-approval for an educational trip may result in the absences for the trip being declared unexcused or unlawful. In addition, any missed work will receive a grade of "O."
5. If pre-approval is given, the student should see his/her teachers before the trip to find out what work must be completed. The number of days for make-up work to be completed will be equal to the number of days of the trip. Any assigned work that is not completed will receive a grade of "O."
6. The student may also be required to provide the building principal with a written account describing what was learned during the educational trip. The written account must be at least one page in length. Failure to provide the written account within five (5) days of returning to school may result in the absence being declared unexcused or unlawful.
7. In extraordinary circumstances, the superintendent has final authority to waive these provisions.

- **Funerals:** Students who are attending a funeral must submit a note from the parent/guardian.

- **Truant:**

Truant is defined as a child subject to compulsory school laws having three (3) or more school days of unexcused/unlawful absences during the current school year. Upon the accumulation of three (3) or more unexcused/unlawful absences, the school will issue a truant notice to the student's parent/guardian. Upon the third accumulated unexcused/unlawful absence, the school will implement a school-based or community-based attendance improvement program/plan. The plan may include both the student and parent/guardian participation.

- **Habitually Truant:**

Habitually truant is defined as a child subject to compulsory school laws having six (6) or more school days of unexcused/unlawful absences during the current school year. Therefore, a child is habitually truant once he or she accumulates six unexcused absences during the course of the school year. These absences do not need to run consecutively.

If a student is found to be habitually truant and under the age of fifteen (15), the student will continue with the school-based or community-based attendance improvement program or refer the student to the county children and youth agency (CYS) for services or possible disposition as a dependent child under the Juvenile Act. Additionally, the school may file a citation against the parent of a habitually truant child under fifteen (15) in a magisterial district court for violation of the Compulsory Attendance Provision of the Pennsylvania Public School Code.

A student who accumulates fifteen (15) days of unexcused/unlawful absence may be considered as failing to meet the requirements for successful participation in classes, promotion, and/or graduation and, as such, may receive no credit for courses.

- **Written Excuses:**

Acceptable forms of absence excuses are written excuses, online excuses, emails, and faxes. A written excuse or fax must be signed by the student's parent/guardian. The email must come from the parent/guardian's email account. Excuses must be received within three (3) days of the student's return to school from an absence. When your child brings in his/her absence excuse he or she should give the excuse to their homeroom teacher or drop the excuse off to the main office. All excuses will be forwarded to our main office. Failure to submit a note within three (3) days will result in the student's absence(s) being recorded as unexcused or unlawful. Any assignments completed, submitted, or due on the day of an unexcused and/or illegal absence may result in the student not receiving credit for the assignment nor the opportunity to make up the assignment. Students are responsible for any work missed during absences.

Parents are urged to obtain a doctor's excuse for any absence if such a visit has been made. The school district has the authority to judge the legality of an excuse and to request further documentation for any day of absence. If your child has a chronic medical condition that may require absenteeism or tardiness, please contact the school nurse to discuss the appropriate documentation required to be on file.

- **Tardiness to School:**

Students need to be in their homeroom by the designated starting time, 7:52 a.m. Any student not in their homeroom by 7:52 a.m. will be considered late. If you arrive late, fill out the QR Code on the main door and then enter through the office upon completion. Students who arrive at school between 7:52 a.m. - 10:52 a.m. are recorded as excused or unexcused tardy. Students who arrive at school after 10:52 a.m. are recorded as having a half day of excused or unexcused absence.

Excuses received from a doctor, dentist, or a parent/guardian (in relation to illness or a religious holiday), will be considered as excused tardiness to school. Acceptable forms of tardy excuses are written excuses, online excuses, emails, and faxes. Parents may access the online tardy excuse form located on the CMS website. All other tardies are unexcused. Any tardies in question may be reviewed by an administrator, and further documentation may be required. Additionally, the administration may require a physician's note for chronic excused tardies.

Students will receive the following disciplinary action for unexcused tardies as indicated below:

5 unexcused tardies	1 Detention, student meeting, & parent letter
10 unexcused tardies	2 Detentions & parent contact
15 unexcused tardies	SAP Referral, Saturday SAC, & parent contact/meeting
16+ unexcused tardies	Consequences to be determined by administration

In addition, a student's unexcused tardy minutes will be recorded. If the total unexcused tardy minutes is greater than the total minutes in a school day (393 minutes), the student will be charged with an unlawful absence. Although the accumulated number of tardies will remain, the disciplinary action(s), as indicated above, will be reset to zero upon completion of the first semester(marking pd. 1&2).

- **Missed Homework:**

It is the student's responsibility to check with their classroom teachers to obtain any missed assignments or homework due to absences. The number of days for make-up work to be completed will be equal to the number of days of excused absence. Students are also encouraged to check their Google Classroom for any assignments or homework due during their time of absence.

- **Classroom Attendance:**

A student must have the teacher's permission and a signed agenda or appropriate pass to leave a classroom.

- **Perfect Attendance:**

Perfect attendance is defined as being present in every class period throughout the school year.

PLEASE NOTE: Excused tardies and/or excused absences count against perfect attendance.

Awards/Recognitions: On an annual basis, the middle school recognizes the following:

- **Academics:**

- Students are recognized each marking period for attaining Honor Roll, High Honor Roll, or Principal's Award. Eighth graders who made Honor Roll, High Honor Roll, or Principal's Award for their entire time at CMS receive a special gift at the 8th grade celebration. Students may also be recognized in other areas of academics throughout the year.

- **Attendance:**

- The eighth-grade student with the best attendance over the course of their four (4) years while in attendance at CMS will receive a special gift at the 8th Grade promotion.

- **Roughie of the Month:**

- Grade level teachers will recognize students who have achieved the following qualifications:
 - homework and projects are completed on time
 - cooperative with teacher
 - works well with other students
 - thoughtful towards others' needs
 - respectful
 - good attendance
 - work to their potential or beyond

* During the school year, students will be selected by their teachers and may be invited to the Catasauqua Area School District board meeting for formal recognition.

Bicycles/Skateboards, etc.: Students riding bicycles to school should follow all rules of traffic safety. Additionally, students must walk their bike onto and off of school grounds. Students must lock their bicycles to the rack outside the main entrance. **Heelies, skateboards, rollerblades, hoverboards, and scooters are not permitted on school property at any time.**

Bullying/Cyberbullying: The Catasauqua Area School District Board of Education is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. Therefore, Board Policy #251, adopted December 4, 2008, but revised July 9, 2012, prohibits all forms of bullying by district students.

The Board encourages students who have been bullied and students who have witnessed another student being bullied or have reason to believe that another student has been bullied, to promptly report such incidents to the building principal. All district employees who have witnessed a student being bullied or have reason to believe that a student has been bullied shall promptly report such incidents to the building principal. In the absence of the building principal, the reports shall be made to the assistant principal or

other person in charge of the building, who shall then forward the reports to the principal as soon as possible and take any actions necessary in the meantime.

The Board directs that complaints of bullying shall be investigated promptly, and corrective action shall be taken when allegations are verified. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations. No reprisals or retaliation shall occur as a result of good faith reports of bullying.

Each student shall be responsible to respect the rights of others and to ensure an atmosphere free from bullying.

By law (SC § 1303.1-A), "Bullying" shall mean an intentional electronic, written, verbal, or physical act or series of acts:

1. Directed at another student or students;
2. Which occurs in a school setting or outside the school setting;
3. Is severe, persistent, or pervasive; and
4. Has the effect of doing any of the following;
 - i) Substantially interfering with a student's education;
 - ii) Creating a threatening environment; or
 - iii) Substantially disrupting the orderly operation of the school; and "school setting" shall mean in the school, on school grounds, in school vehicles, at a designated bus stop or at any active sponsored, supervised or sanctioned by the school.

A student who violates this policy shall be subject to appropriate disciplinary action consistent with the Code of Student Conduct, which may include: Counseling within the school, parental conference, loss of school privileges, transfer to another school building, classroom, or school bus, exclusion from school-sponsored activities, detention, suspension, expulsion, counseling/therapy outside of school, referral to law enforcement officials.

PROCESS FOR REPORTING BULLYING

- 1.) Students can file a report in the Main Office.
- 2.) Students will be conferenced by either the school counselor or administration. Further investigation will occur as warranted.
- 3.) If a student is found guilty of bullying behavior, consequences will be issued according to the Offense.

Bus Rules & Regulations: The bus driver is in charge of each bus. Students are under the full authority of the school while on the bus; therefore, all school regulations are in force during all bus trips.

Students Shall:

1. All students must ride the bus assigned to them by Transportation Department unless written notification from parent/guardian is received and approved by the Transportation Department *at least 3 hours* prior to the end of that school day.
2. ONLY BOARD THE BUS AT THEIR ASSIGNED PICK-UP LOCATION.

Catasauqua Middle School Beliefs:

1. We believe that students, parents, teachers, and the community share the responsibility to educate and empower all students to make intellectually, ethically, socially, and physically acceptable decisions.
2. We believe that in response to an ever-changing society, we must promote life-long learning.
3. We believe excellence in learning is a result of high expectations, a strong work ethic, and a collaborative partnership between home, school, and community.
4. We believe that the middle school must continuously re-examine its purpose, programs, curriculum, and direction to meet the many challenges in society.
5. We believe that the middle school, in developing our students' critical thinking and problem-solving skills as well as their social and emotional maturity, must stringently bridge the foundations laid down in elementary school to the demands and decisions our students will face in high school and beyond.
6. We believe in the importance of developing stable, close, and mutually respectful relationships between students, staff, and parents to foster an understanding of and an appreciation for diversity in the learning environment.
7. We believe that providing a safe, supportive, and structured environment will encourage our students to become positive contributing members of our society.

Students will be assigned to these classes based upon the student's individual achievement and the recommendations of their teachers, the school counselors, and the school administration. Any questions regarding class placement should be directed to the school counselor.

It is the intent of this district to protect the right of each of its students against an unwarranted invasion of privacy in the area of student records. The primary purpose of pupil record keeping shall be the educational welfare and advancement of the pupil.

The Catasauqua Area School District recognizes the need to protect the confidentiality of personally identifiable information in the education records of exceptional students. This policy has been prepared to ensure the privacy rights of both parents and the exceptional student in the security, collection, maintenance, release, and destruction of student school records.

At the end of the suspension period, the student, parents, and/or guardians will receive a bill for all damages. The student may be required to clean up and/or help repair all damages caused by his/her action. In extreme or repeated cases, a request for a hearing before the school board that may result in expulsion and/or referral to law enforcement authorities may be initiated.

Direct Threat: The term direct threat means a significant risk or potential significant risk to cause substantial harm to self or others. Please refer to page 27 for the administrative disciplinary response to a direct threat.

Disciplinary Hearings: Education is a statutory right, and students must be afforded all appropriate elements of due process if they are to be excluded from school. In a case involving a possible expulsion, the student is entitled to a formal hearing, which is a fundamental element of due process.

- **In-School Suspension (ISS):**

- During an in-school suspension, school authorities must arrange for the continuation of the child's education.
- BEFORE an in-school suspension is imposed, the student must be informed of the reasons and be given an opportunity to explain.
- WHEN an in-school suspension exceeds ten consecutive school days, the parent and student must be offered an INFORMAL HEARING with the principal prior to the eleventh school day.
- **Out of School Suspensions (OSS) of 3 Days or Less:**
 - Unless an emergency situation exists before a suspension can take place, a student must receive notice of the suspension, including the reason for the suspension, and be afforded the opportunity to respond. Parents/guardians will receive verbal notification of the suspension prior to the implementation of the suspension. The student and parents must receive written notice of the reason(s) and consequence(s) for the suspension. Students suspended from school 1-3 days will have 2 days, regardless of the length of suspension, to complete all work assignments. All assignments are expected to be submitted on the third day from the return of suspension. Incomplete or un-submitted work will be graded accordingly.
- **Out of School Suspensions (OSS) of 4 to 10 Days:**
 - Unless an emergency situation exists, before a suspension can take place, a student must receive notice of the suspension, including the reason for the suspension, and be afforded the opportunity to respond. Parents/guardians will receive verbal notification of the suspension prior to the implementation of the suspension. The student and parents must receive written notice of the reason(s) and consequence(s) for the suspension. Students suspended from school 4-10 days will have 3 days, regardless of the length of suspension, to complete all work assignments. All assignments are expected to be submitted on the fourth day from the return of suspension. Incomplete or un-submitted work will be graded accordingly.
 - School authorities must also offer to hold an *informal hearing* within the first five days of the suspension to discuss the situation and allow the student to show why the suspension should not take place. At the informal hearing, the student has the right to question any witnesses present at the hearing and the right to speak and produce witnesses.
 - Unless the school authorities offer to hold the informal hearing within the first five days of the suspension, the student has the right to return to school on the sixth day.
 - If a student is suspended, he/she must be given the opportunity to make up work missed while on suspension.
- **Expulsion (Exclusions for More than 10 Days):** Prior to an expulsion, parents must receive by certified mail written notification of the proposed expulsion and the reasons for it. Unless it is determined at the *informal hearing* that an emergency exists, the student has a right to return to his or her normal class until a *formal hearing* is held, usually within the first ten days of the exclusion. Regarding the *formal hearing*, the student and the parents have the following rights:
 - **THE RIGHT** to have the case heard by the School Board or a Board Committee and to have the decision made by a majority vote of the entire Board
 - **THE RIGHT** to have sufficient notice of the time and place of the hearing
 - **THE RIGHT** to have the hearing held in private or in public (The hearing will be private unless the parent requests that it be public.)
 - **THE RIGHT** to be represented by counsel
 - **THE RIGHT** to be presented with the names of any witnesses and copies of the witnesses' statements or affidavits
 - **THE RIGHT** to request the attendance of witnesses who have made formal statements against the student and to question such witnesses
 - **THE RIGHT** to testify and to present witnesses
 - **THE RIGHT** to have a record of the hearing kept, and to obtain, at the student's or parents' own expense, a copy of that record

- **THE RIGHT** to appeal an adverse decision to court within a certain time period
- If the student is under the age of 17, he/she must be provided an education, even if expelled from school. Parents have the duty to make reasonable efforts to find another educational placement for the student. If they cannot do so within 30 days, they must let the school authorities know in writing. School authorities then have the duty to make some arrangements to ensure that the student's education continues.

Discipline:

- **CMS Discipline Code Belief Statement:** We believe that it is vital for all students, parents, teachers, and staff to create and maintain a safe environment of respect and responsibility for themselves, one another, their school, and the Catasauqua community. Students, teachers, and administrators share the responsibility of fostering opportunities for students to learn and teachers to teach with the purpose of having all students reach success.
- **Discipline Code:** All Catasauqua Middle School students are expected to behave appropriately on the way to school, during the school day, and on the way home from school. Disruptive students interfere with the educational process. Teaching staff members to enforce their own rules and consequences regarding proper conduct in their classrooms. However, should a student fail to respond to a teaching staff member's disciplinary techniques, the district's four-level Disciplinary Structure Chart details procedures that will be implemented to discourage the continued occurrence of inappropriate behavior.

In the case of frequent or extreme misbehavior, the student may be sent home immediately. This ensures that the educational process continues uninterrupted for the other students in the class. The student will be allowed to return to school when he/she is ready to obey the rules of conduct. The administrators will not hesitate to have a disruptive student cited for disorderly conduct if such action is warranted.

- **Disciplinary Structure:** If a school discipline code is to be effective in reducing discipline problems, it must make clear to students and parents what the school considers to be unacceptable behavior. It should then place these student misbehaviors into categories from minor to major. The code should link these misbehaviors or infractions to appropriate disciplinary consequences. By doing this, the school tries to ensure that its disciplinary practices and procedures are consistent, reasonable, fair, and equitable.
In accordance with the above, disciplinary infractions are categorized into four levels (Grade Level Team/Teacher Level, and Administrative Levels I, II, and III). In each level, a sample group of misbehaviors is listed, along with a range of progressive disciplinary responses. All examples, procedures, and disciplinary responses are applicable in school, on school buses, during school-sponsored field trips, and from the time of departure for school until arrival at home, including school activities on weekends and/or evenings.
- **Misconduct and Consequences:** The following pages present the four-level Disciplinary Structure for the middle school designating student misconduct and consequences (administrative responses). Extenuating circumstances and/or repetition of the same or a similar infraction impact on the severity of the consequences.

***IMPORTANT NOTE: THE DISCIPLINARY RESPONSES TO ALL INCIDENTS/INFRACTIONS COULD BE INCREASED AND/OR CHANGED, AT THE DISCRETION OF THE ADMINISTRATION**

Grade Level Team/Teacher Level: We believe discipline issues should be handled at the grade level team/teacher level whenever possible. The team/teacher is an important part of this process. The team/teacher could use any of the following options when dealing with classroom management: phone calls to parents, emails to parents, parent conferences, counselor involvement, lunch detention, after-school detention, and action plans. Persistent team/teacher-level offenses will be discussed with the Assistant Principal, and a joint decision will be made to handle the situation. If a Level I referral is written, the parent/guardian will receive written notification of the offense. Examples of team/teacher level occurrences include but are not limited to, the following:

The administrator meets with the student and teacher and contacts parent(s)/guardian(s). The teacher is informed of the administrator's action. The administrator maintains a proper and accurate record of the offenses and disciplinary actions. In certain circumstances, school officials may contact law enforcement

agencies. In addition, students may lose privileges such as but not limited to school dances, assemblies, fun days, picnics, and non-academic field trips. **The disciplinary responses to all incidents/infractions could be increased and/or changed at the discretion of the administration.**

The administrator meets with the student and communicates with the parent(s)/guardian about the student's misconduct and the resulting disciplinary action. The administrator maintains a proper and accurate record of the offenses and disciplinary actions. Restitution for property and damages may be required. The student is immediately removed from the school environment and issued a 10 day out-of-school suspension by the administration. Parents are notified. Disorderly Conduct: A student is guilty of disorderly conduct if, with intent to cause public inconvenience, annoyance or alarm, or recklessly creating a risk thereof, he/she: 1) Engages in fighting or threatening, or in violent or tumultuous behavior; 2) Makes unreasonable noise; 3) Uses obscene language, or makes an obscene gesture; or 4) Creates a hazardous or physically offensive condition by any act which serves no legitimate purpose of the actor. (See fighting / physical aggression).

Disrespect: Unjustifiable and knowing refusal to comply with reasonable school rules or with reasonable instructions of school authorities. This could include but is not limited to, any act that intentionally disrupts the orderly conduct of a school function or any behavior that substantially disrupts the orderly learning environment. Socially unacceptable words or actions directed toward another individual(s) (to include mumbling remarks under a student's breath).

Dress Code: The Catasauqua Area School District believes the manner in which a student dresses is one of many factors for establishing an environment conducive to student learning and behavior. Our objective is for students to develop an understanding of the importance of appropriate attire for school and the professional environment. The school has an obligation to establish proper standards for appropriate attire among students. Under State guidelines, schools have the right and responsibility to take action against improper dress, which is a disruption or distraction to the educational environment, is a health or safety hazard, is obviously and blatantly indecent, displays students in a socially unacceptable manner, or is damaging to the school.

Ultimately, the school-established standards for appropriate student attire and personal grooming are the responsibility of each student and his or her parents/guardians. We require compliance with the following expectations for student-appropriate school attire. Students failing to comply will not be permitted to attend classes until a parent or guardian has reported to the middle school and provided their child with clothing that meets the established policy.

Drug & Alcohol Policy: The Catasauqua Area School District Board of Education, administration, and staff believe in the individual value and potential of each member of the school community. We recognize that chemical abuse and dependency impair the ability of individuals to develop their full potential. We also recognize that problems created by chemical abuse and dependency have an adverse effect on the ability of all members of the school community to achieve personal and district goals. Our policy is based on the belief that chemical dependency is a life-threatening illness that affects individuals in all areas of their lives. It is also our belief that chemical dependency is a treatable illness.

The Catasauqua Area School District has as its purpose the education of the students within the district according to the standards set down by the Commonwealth of Pennsylvania. Our primary concern is for the well-being of the students; however, we also have a responsibility to comply with state law. Therefore, our policy is one of extending student assistance services to students while complying with the state laws for the protection of all students and staff.

- Any student apprehended for selling or transmitting a controlled substance to any other student in the Catasauqua Area School District shall be immediately suspended. The parents will be notified, and a recommendation will be made to the superintendent to convene a formal hearing with the Board of Education or a committee so designated of the Board members for the purpose of hearing a student disciplinary matter. A result of this formal hearing may be permanent expulsion from the Catasauqua Area School District.
- All incidents will be reported to the appropriate civil authorities and full prosecution by the school district will follow as permitted by law.
- Those students expelled for dealing in the trafficking of a controlled substance will be reconsidered for admission based upon the decision of the Board of Education.

Examples include, but are not limited to, beer, wine, liquor, marijuana, hashish, chemical solvents, glue, “look alike” substances, any other health-endangering compound, and any capsule or pill not registered with the school nurse, annotated within the student’s health record, and then given in accordance with the school district’s policy for the administration of medication to students in school. This includes “over the counter” medication such as Tylenol, Midol, vitamins, cough syrup, etc.

The team will be involved in the identification and referral process of students, thus providing student assistance services.
10. *Uncooperative Behavior* – Resistance or refusal, whether verbal, physical, or passive, on the part of the student to comply with reasonable requests or recommendations of school personnel. Drug Awareness: The School Board recognizes that the misuse of drugs is a serious problem with legal, physical, and social implications for the whole school community. As the educational institution, the school strives to prevent drug abuse. The School Board prohibits the use, possession, or distribution of any drug during school hours, on school property, and at any school-sponsored event.

Educational Records & Law Enforcement: 24 P.S., 13-1317.2 states the following: “A student’s Parental Registration Statement, disciplinary record, and Individual Incident Records shall be available for inspection to the student and his parents, guardians, or other persons having control or charge of the student, school officials, and to state and local law enforcement officials provided by law. Permission of parents or guardians is not required for transfer of the student disciplinary record to another school entity in which a student seeks enrollment or is enrolled. A school must transmit a certified copy of a student’s disciplinary record to the school entity to which the student has transferred within ten (10) days from receipt of such a request to supply it.

Electronic Cigarettes, Hookah Pens, Vaping Devices, & Look-Alike Tobacco Products:

Electronic cigarettes or “e-cigarettes,” “hookah pens”, vaping devices and or battery-operated devices that allow the user to inhale a vapor produced from cartridges filled with nicotine, flavor and other chemicals as an alternative to traditional cigarettes and tobacco cessation tools will be strictly prohibited. Additionally, any look-alike tobacco products are also strictly prohibited. Please see page 23 for consequences.

Emergency Procedures:

- **Emergency Evacuation Plan:**

The Catasauqua Area School District maintains an emergency evacuation plan for all three buildings. This plan provides for evacuation of buildings to designated areas for all students and staff.

- **Severe Weather Alert (Hurricanes, Tornadoes, etc.):**

1. The signal and instructions, depending on circumstances and conditions, may be given in any of the following ways:
 - a. Intercom system
 - b. Written notices and email communication to all teachers
 - c. Orally to all teachers and students by office staff
2. Doors and windows are to remain open.
3. Absolute silence is required so that verbal instructions may be given.
4. Physical Education classes should report to the locker rooms.
5. The all-clear sign will be given on the intercom system or by the office staff.

- **Cancellation of School Due to Severe Weather:**

The Catasauqua Area School District will operate on the regularly scheduled basis, as indicated on the official school calendar, unless unforeseen conditions prevent the safe transportation of students to and from school. If severe weather or other dangerous conditions exist and threaten the safety of students, regularly scheduled classes and other school activities may be started on a delayed basis or canceled. The following are the guidelines for the alterations of the school calendar:

1. If severe or other dangerous weather or conditions exist, district administration will gather information from PennDOT, state and borough officials, and the district transportation staff.
2. If the schedule must be altered, notification will be made using the Power Announcement system, on the school district website (www.cattysd.org) and through the local media, including radio and television stations. Those to be used include:

790AM	1320AM			
95FM	96.1FM	100.7 FM	99.9FM	104.1FM
Television channels: WNEP-16 and WFMZ-69				
3. The options that the administration may utilize are
 - a. One or two hour delayed start
 - b. Cancellation of school (This option may result in the scheduling of a make-up day at a later time to comply with state requirements.)
 - c. Early dismissal from school (This option will only be used in the most extreme circumstances.)
4. Each school will have procedures in effect for each of these options. These include the rotation of class periods to make up for those deleted.
5. The district will attempt to utilize a delayed start before a cancellation announcement is made.

Parents and students should “stay tuned” to radio and television for the announcements. Do not call schools. Parents should have plans to adjust the family schedule or childcare arrangements to handle these potential changes in the school schedule. Non-public schools that utilize Catasauqua Area School District buses will follow the district schedule for transportation purposes.

All athletics and extracurricular practices, rehearsals, events, and contests are also canceled if school is closed due to inclement weather or other emergency conditions. For prolonged closings or unusual circumstances, the coach/advisor/athletic director may petition the building

administrator to permit a special event or practice to be held. The administrator's decision is final.

- **Fire Drill Plan:**

Students should be aware of these instructions:

1. There is **absolutely** no talking during the drill.
2. During a fire drill there must be quiet and order. The object of the drill is not necessarily to see how quickly the building can be evacuated, but rather how orderly, completely and efficiently. Teachers and pupils should be alert at all times for exits that have been blocked. In such an event, another prescribed exit for a group should be selected.
3. Teachers will review the Fire Alert plan posted in each classroom.

Equal Opportunity (Non-Discrimination) Policy: It is the policy of the Catasauqua Area School District that the District does not discriminate on the basis of sex, race, color, age, creed, religion, ancestry, national origin, marital status, familial status, pregnancy, genetic information, handicap/disability, or any other legally protected classification, in the educational programs and activities the District operates (including employment), and that it is required by Title IX of the Educational Amendments of Act 1972, regulations under Title IX, and other federal and state statutes and regulations, not to discriminate in such a manner.

The School Board has adopted procedures for filing complaints of unlawful discrimination/harassment with the School District and the School District's investigation and disposition of those complaints.

If you would like to obtain a copy of the complete Nondiscrimination Policy, Policy #128, including the complaint procedures, please contact the Superintendent, 201 N. 14th Street, Catasauqua, PA 18032; phone 610-264-5571.

The Assistant Superintendent is the District's Compliance Officer for all nondiscrimination requirements. The nondiscrimination policy and complaint procedures are also available on the District's web site:

Expulsion: An exclusion from school in excess of ten days is considered an "expulsion." Students who are under the age of 18 are subject to the compulsory school attendance law even though expelled and must be provided an education.

- The initial responsibility for providing the required education rests with the student's parents or guardians, through placement in another school, through tutorial or correspondence study, or through another educational program approved by the district's superintendent.
- If the parents or guardians are unable to provide for the required education, they must, within 30 days, submit to the school district written evidence so stating. The district then has the responsibility to make some provision for the student's education. If 30 days pass without the district receiving satisfactory evidence that the required education is being provided to the student, it must re-contact the parent and, pending the parents' or guardians' provision of such education, the district must make some provision for the student's education or proceed under paragraph 3 or do both.
- If the approved educational program is not complied with, the school district may take action in accordance with Chapter 63 of the Juvenile Act (42PA.C.S. §§6301-6308), to ensure that the child will receive a proper education.

Field Trips (School Sponsored): Trips are designed to enrich student understanding of their culture. Students may decline to attend a trip if it involves an expenditure of money on the student's part or if parents object to their attendance. If a student declines, he/she will report to school as normal and an

alternative academic assignment will be given. Written permission slips by parents or guardians must be submitted by the student to the teacher in charge prior to the trip date. Students may also not be allowed to attend a non academic trip or the child's parent/guardian may be asked to chaperone either because of previous behavior on a trip or because of discipline problems. Students who attend trips despite such notice will be subject to disciplinary action.

Fidget Devices: Fidget spinners, fidget cubes, or related fidget devices will not be permitted within the CMS building. The devices are having a negative effect by distracting other students and interrupting classroom instruction. Students who are not authorized to use fidget devices by a medical physician will not be permitted to use them during the school day. Please contact your child's school counselor if you feel your child has specific needs that require an aide to help in concentration. If students are caught using a fidget spinner or fidget cube, and are not authorized to be using one, they will be issued a detention and the device will be confiscated until it can be picked up by a parent.

Fighting/Physical Aggression: Physical aggression is prohibited at all times in all Catasauqua Area School District buildings, school vehicles and on school property. Students who engage in physical aggression will be subject to a *minimum* of three (3) days OSS. School authorities have the right to file a citation for summary offenses and responsibility to notify Local Law Enforcement for criminal offenses when the nature of the physical aggression has the potential to result in a charge of; Assault (18 Pa.C.S. § Section 2701), Disorderly Conduct (18 Pa.C.S. § Section 5503), Harassment (18 Pa.C.S. § Section 2709), or other appropriate charge or charges with the local magistrate's office (Up to a \$300.00 fine), in addition to the imposed school consequences. All students, no matter what the circumstances, shall make every effort to avoid physical aggression. Verbal harassment is not an excuse to initiate physical contact. Instead, students should seek help from the professional staff of the school.

Flag Salute and Pledge of Allegiance: It is the responsibility of every citizen to show proper respect for his/her country and its flag.

- Students may decline to recite the Pledge of Allegiance and may refrain from saluting the flag on the basis of personal belief or religious convictions.
- Students who choose to refrain from such participation shall respect the rights and interests of classmates who do wish to participate and will respectfully remain silent while the pledge is spoken.

Food/Gum/Beverages: Eating snacks or food within the school building is allowed only in the cafeteria or classroom under teacher supervision. Gum chewing is not allowed anywhere in the building.

Due to the implementation of water fountains/refilling stations, reusable water bottles are permitted in classrooms, gymnasium, and the cafeteria. Water bottles are not permitted in the computer labs and auditorium. Students will be permitted to refill their water bottle throughout the day at the discretion of the teacher. The consumption of any other beverages must occur in the cafeteria during lunch.

Please note, water that is sold in plastic bottles (i.e. Deer Park, Aquafina, Poland Springs, etc.) will not be allowed in school due to the distraction it causes with sounds, messes, and spills. This applies to all glass containers as well. All sport water bottles must be semi-clear and labeled with your child's name, must contain water only and must be taken home daily.

Gang Activity: Gang activity is prohibited on or about school grounds, on school buses, or off school grounds at any school activity. Students are prohibited from engaging in gang activity. A "gang" is any group of two or more persons whose purpose includes the commission of illegal acts.

There will be no running, pushing, shouting, or loitering in the hallways or lavatories. Students must arrive at their next class within the allotted time. Students who need to leave the room during a class or activity period must have their agendas or appropriate pass signed by a staff member.

Harassment: A student is guilty of harassment when, with the intent to harass, annoy or alarm another, the person:

- Strikes, shoves, kicks or otherwise subjects the other person to physical contact, or attempts or threatens to do the same;

- Physical hazing shall be defined as any activity that is physically harmful or humiliating to the individual.
- Psychological hazing shall be defined as any public or in-school act which compromises the personal dignity of an individual thereby causing personal embarrassment or shame to the victim, causing derision of an individual as a result of malicious amusement or ridicule, or causing psychological harm or emotional strain to any individual.

All students and employees shall be prohibited from participating in activities that recklessly or intentionally endanger mental or physical health or involve the forced consumption of illegal substances or other items for the purpose of initiation into or association with any school-approved organization. Any violation of this anti-hazing policy will subject the individual to disciplinary action. Building administration shall be responsible for disciplining students involved in acts of hazing. Discipline guidelines are as follows:

Health Services:

- **Examinations:** Pennsylvania School Code requires that all students have their vision, height, and weight screened annually. Hearing screening tests are administered annually to all seventh-grade students and to any student who has had, or who appears to have, a hearing problem. The school nurse will screen students in sixth and seventh grade for scoliosis. Letters will be mailed to all students' homes, or sent electronically, to report height, weight, and Body Mass Index percentile (a calculated ratio). Additionally, all students whose vision, hearing, and scoliosis screening results fall outside the state's acceptable parameters will have a letter sent to their homes or sent electronically.

Pennsylvania School Code also requires physical and dental examinations during middle school. All students in sixth grade must receive a medical (physical) examination. All students in seventh grade must receive a dental examination. Parents have the option of having their children examined by the school's physician or dentist or providing evidence to the school that the family physician or primary care provider or the family dentist has completed these examinations. Forms for the private dental or medical (physical) examinations can be obtained by contacting the school nurse's office or on the school nurse's website at <https://www.cattysd.org/Domain/434>.

Physical examinations are offered to each student participating in an athletic activity. Paperwork for sports physicals can be obtained by contacting the Activities Director's Office at the high school at 610-697-0111, option 2, or on the Athletic Department website at [Athletic Department Website](#)

- **Illness/First Aid:** Students who become ill during school hours must have a signed *Agenda* or pass to report to the nurse or, if the nurse is not available, to the main office. Students should report directly to the nurse only in an emergency. Students are required to have their agenda or pass signed when leaving the nurse to return to class. Communication will be made to the parent(s)/guardian when a student accumulates 10 or more visits to the nurse's office, with the exception of those students who have a documented ongoing medical condition.

When a student is sent home because of illness or injury, the nurse will contact the parents and arrange for them or their designee to pick up their ill or injured child. The child must be signed out of school in the nurse's office. Upon discharge of the student, it is the parent's responsibility to arrange further care. Parents/Guardians or their designees are requested to provide identification when signing out students.

No student may leave the building without the permission of the nurse or a building administrator. In addition, students should not call or text home using their cell phone without administrator permission.

If the next dose is not the final dose of the series, the child must also provide a medical plan (red and white card) within the first five days of school for obtaining the required immunizations or risk exclusion.

All medications are to be kept in the nurse's office unless otherwise designated by the school nurse. 4. The school asks for your cooperation in arranging the timing of medications that are taken every 8 or 12 hours so these medications may be taken outside of school hours.
Your cooperation is necessary and greatly appreciated!

- **Epinephrine Opt-Out:** The state law requires Catasauqua Area School District to provide an opt-out for parents who do not wish for their child to be administered Epinephrine in the event a student goes into anaphylaxis (life-threatening allergic reaction). If you do not want your child to be administered Epinephrine in the event they would have a life-threatening allergic reaction (anaphylaxis), please contact the school nurse to complete an opt-out form.
- **Medical/Health Information & Medical Contacts:** Each year, parents/guardians must update their emergency contact information and health information forms within the PowerSchool Parent Portal. These online forms provide the school administration and nurse with pertinent information that is needed in case of an emergency. Completion of the Health Information Form provides authorization for your child to receive emergency first aid, administered by a registered nurse or designee in the Catasauqua Area School District in the event of sudden illness or accident. It also provides notification that the information may need to be shared with appropriate personnel, on an as needed basis. Please note, should the condition of your child require treatment by a doctor, and neither a parent/guardian or an emergency contact listed in PowerSchool can be reached, completion of the online forms gives permission for him/her to be transported, by an emergency medical service to the appropriate location, with all necessary expenses incurred by the parent/guardian. Health/medical information and emergency contacts must be provided for each student when due, or discipline consequences will be assigned until the card is submitted to the school nurse. Providing false information on the Health Information & Emergency Contacts online forms is a dangerous practice.

History of Catasauqua Middle School: The history of Catasauqua Middle School dates back to 1972. Lincoln Middle School, built in 1896 and renovated twice, was its home until 2006 when it relocated to the former high school building.

Homeless Families: Homelessness is a national crisis for many families, and the Catasauqua Area School District provides programming and resources aligned with the McKinney-Vento Act. Needs and information relative to homelessness may be communicated to Hillary Hahn at hahn@catsd.org

Homebound Instruction: A medical condition may arise which prevents a student from attending school for an extended period of time. In such circumstances, parents should immediately contact a Catasauqua Middle School counselor. Homebound instruction may be available if the following two criteria are met:

1. A doctor's note describing the student's medical condition and the reasons why the student is not able to attend school is presented to a school counselor.
2. The doctor recommends that the student remain out of school for a *minimum* of four weeks.

Homebound instructors will then be scheduled to meet with the student at his/her home for one hour and fifteen minutes per week in each major subject area for a maximum of five (5) hours per week. A parent/guardian must be present in the home at the time that the instructor will be tutoring. Students and parents must understand that one hour and fifteen minutes of instruction time per week in each subject area is not sufficient time to complete all work and that extra time and effort will be required to complete all course requirements when the student is able.

Students may not be employed while on homebound instruction. Students on extended home-bound instruction may be asked to have their doctor recertify their need for this service on a periodic basis.

In-School Suspension (ISS): For serious disciplinary infractions, a student may be removed from classes and assigned to In-School Suspension (ISS). ISS is a silent educational assignment. No student may receive an ISS assignment unless informed of the reason(s) for the assignment and given an opportunity to respond before the ISS assignment becomes effective. Communication to parents or guardians will be made prior to a student serving an ISS assignment unless the student is placed in ISS during the school day. In the event a student is placed in ISS during the school day, the parent/guardian will be contacted by the end of that school day.

- **Rules and Regulations:**

- Students must report to the main office upon arrival. Students should bring all their textbooks, a book for silent reading, two pencils, and any notebooks with them as needed for classroom work. Reporting late to ISS will result in one detention. All school rules and policies continue to apply when assigned to ISS. There is no talking, eating, gum-chewing, sleeping or putting one's head down, or use of electronic devices. Students may not communicate with each other in ISS.
- Students are expected to complete all assigned work. The ISS monitor will review the completed work. If the student's work is not completed to the satisfaction of the ISS monitor or the classroom teacher, the student will be assigned a "0" by the classroom teacher. All work is to be completed in the ISS room. Students in ISS will not be allowed to go to the library. Materials may be brought to the ISS room for student use. If all work is completed, students may read materials available in ISS. The ISS monitor will decide when and if this will be allowed. Students will eat lunch in the ISS room. ***Students who***

are assigned to ISS may either bring their own lunch and drink or purchase/receive a school lunch.

- The school administrator assigns students to ISS for a specific number of days. If students are absent from school, they are expected to complete the number of days in ISS upon their return. Any student who refuses this placement or fails to report as directed will be suspended out of school for three days. This penalty, however, does not release the requirements to serve the ISS time issued for the original offense.
- *Failure to comply with ISS regulations will result in immediate removal from ISS and the student being placed on out-of-school suspension. However, this penalty does not release the requirements to serve the ISS time issued for the original offense.*
- NOTE: Students assigned to ISS are not permitted to participate in extracurricular activities or attend any school functions during the period of suspension.

Insubordination: Disobedient or argumentative regarding reasonable requests from an adult in authority (administrators, teachers, and all staff: teaching assistants, bus drivers, food service workers, custodians, office workers, etc.)

Internet Policy: Students may access the Internet for purposes of legitimate educational research. Despite the presence of a filtering mechanism, as required by the Children's Internet Protection Act, materials unsuitable for student viewing and use may prove accessible. Students are prohibited from viewing or attempting to view such content. The Catasauqua Area School District has established a comprehensive **Acceptable Computer Use and Internet Safety Policy** (Appendix A, page 59) that defines student expectations and prohibited activities relative to accessing district computers/mobile devices and the Internet. Failure to comply with established policy or specific instruction by school administrative staff may result in disciplinary action that could include suspension of computer/mobile device and Internet privileges for the remainder of the school year.

It should be noted that students are prohibited from connecting any personal electronic devices to the district data network without administrative approval and proper supervision.

At Catasauqua Area School District, we use G Suite for Education. G Suite for Education is a set of education productivity tools from Google - including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At Catasauqua Area School District, students will use their G Suite accounts to complete assignments, communicate with their teachers, and learn 21st century digital citizenship skills. Your acceptance of this student handbook serves as permission for Catasauqua Area School District to provide and manage a G Suite for Education account for your child and for Google to collect, use, and disclose information about your child only for the purposes described in the G Suite for Education Notice to Parents and Guardians (Appendix B, page 62). The district only provides access to the G Suite components it feels will be valuable to the educational experience and, as such, not all services listed in the G Suite for Education Notice to Parents and Guardians will be offered to your child.

Laser Pointers: Laser pointers are not allowed at Catasauqua Middle School as they can pose a danger to students. Student violators run the risk of disciplinary action.

Late to Class: There is a two-minute passing time provided between classes. Students are expected to be in their next assigned class within that two-minute period. Students who are late to class without a valid/acceptable pass will be subject to teacher level disciplinary actions. Administration will be notified should the student's violations become excessive.

Lockers: Lockers will not be in use for 5th grade students and will be optional for grades 6 - 8 during the 2023-2024 school year. Therefore, students may have backpacks with them. 6th, 7th, 8th grade students will be assigned a locker for storage of coats, hats, and school items. School lockers are the property of the school district. The use of school lockers by students is a privilege and not a right. The reasonable expectation of privacy that students enjoy does not extend to lockers. For more information, see District's Right to Search on page 49 of this handbook.

Built-in combination locks or padlocks are provided with each locker. Personal locks are not permitted on any locker without obtaining permission from the office. Each student must develop a sense of responsibility toward the property of others. Students shall not enter any locker except the one to which he/she is assigned. Students should not give their combination to anyone nor share lockers with friends. The student assigned to the locker is responsible for anything in his/her locker. Each student shall keep his/her locker neat and clean.

Students should not keep valuable articles (such as money, radios, musical instruments, jewelry, etc.) in their lockers. Students shall immediately report the loss of any item from their locker to the office. The school is not responsible for the loss or theft of items that are placed in lockers. If a student must bring large amounts of money or a valuable item to school for a school activity or school project, he/she should deposit them at the main office in the morning and pick them up when needed for class or at dismissal time.

All lockers are to be kept locked at all times.

Library/MultiMedia Center: Periodically throughout the day the library/MultiMedia Center is available to students with a signed **library pass**. All students are welcome to use the library for doing research, selecting a book to read, or having a quiet place to work. **Students are required to have their library pass signed when leaving the library to return to class.**

Students are responsible for returning library materials in good condition and on time. Books, magazines, videos, and reference materials (upon request) will be circulated for a time to be determined by the library staff. **Failure to return or pay for lost or ruined items may result in a detention and possible administrative action such as being withheld from participating in school dances until the obligation is met.** Please reference the obligation section on page 40 of the handbook.

Visit our District Web Page, [CASD Website](#), for more library resources. Students are strongly encouraged to use the web page as a resource at home.

Loitering: Loitering inside and/or outside of the building is prohibited. Violators may be subject to disciplinary action and a citation filed with the district magistrate.

Lost and Found: Found items (clothing, books, and bookbags) should be taken to the designated lost and found site located outside of the cafeteria. Students missing items should check for them in this location. Items such as jewelry, cell phones, keys, etc. should be turned in to the main office immediately.

Minor Altercation: A minor altercation is an incident which involves a single offender who commits a minor violent act against another individual and the other individual does not respond and the incident does not elevate to a more severe type of incident such as a fight or assault (e.g., “Student A” strikes “Student B” resulting in little injury and “Student B” does not retaliate.)

Misconduct: Student behavior which is wrongful, improper, or violates school rules with an intentional purpose or by obstinate indifference to the consequences of one's acts.

Obligations: Students should take care of their obligations in a timely manner. This includes, but is not limited to, book fines, overdue library books, technology fees, and other financial obligations.

Parents should be aware that they are responsible for any financial obligations incurred by their children in school. Students who owe obligations will not be able to participate in dances, non-curriculum related field trips, 8th grade graduation celebration ceremony, and other special activities/programming per Administration until payments are scheduled.

Out of School Suspension (OSS): The board of school directors shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting certain exceptional students shall be governed by 22 PA Code §§13.62 and 341.91 (relating to the right to education and disciplinary exclusion of certain handicapped students from special education placement).

- **Types of offenses that least to possible exclusion from school:**
 - PERSONAL CONDUCT such as, but not limited to, cutting classes, leaving school property without permission, disrupting normal school program, etc.

Prior notice of the intended suspension need not be given when it is clear that the health, safety, or welfare of the school community is threatened. The parents and the superintendent of the district shall be notified immediately in writing when a student is suspended.
 - When the suspension exceeds 3 school days, the student and parent shall be given the opportunity for an informal hearing consistent with the requirements set forth in the “Disciplinary Hearings” section on page 18.
 - Suspensions may not be made to run consecutively beyond a 10-school-day period.
 - Students shall have the responsibility to make up exams and work missed while being disciplined by suspension and shall be permitted to complete these assignments within guidelines established by the board of school directors (PDE Regulations-22Ps.  - Students suspended from school 1-3 days, regardless of the length of the suspension, will have **2 days** to complete all work assignments upon their return to school. All assignments are expected to be submitted to their teachers on the third day from the

return of their suspension. Incomplete or un-submitted work will be graded accordingly.

- Students suspended from school for 4-10 days, regardless of the length of the suspension, will have **3 days** to complete all work assignments upon their return to school. All assignments are expected to be submitted to their teachers on the fourth day from the return of their suspension. Incomplete or un-submitted work will be graded accordingly.
- Following an out-of-school suspension, the parent/guardian may be required to confer with a school administrator as a condition for readmission of the suspended student.

NOTE: Students assigned to an out-of-school suspension are not permitted to participate in extracurricular activities or attend any school functions during the period of suspension. During an out-of-school suspension, students are not permitted in school buildings or on school grounds; any such action will result in action before the magistrate as to trespass charges.

Obscene Language/Defiant Behavior: Students are prohibited from using obscene language. Obscene language which is directed towards school employees and students is unacceptable and will result in disciplinary action. Students are prohibited from being defiant and/or disruptive which causes a concern for the well-being of the school employees and/or students. Such behavior is unacceptable and will result in disciplinary action. Students who use obscene language and are defiant/disruptive may be subject to charges of Disorderly Conduct (18 Pa.C.S. § Section 5503), or other appropriate charge or charges with the local magistrate's office (Up to a \$300.00 fine).

Parent's Rights: *The Family Education Right and Privacy Act* affords parents certain rights with respect to their minor children's records. They are the following:

- The right to inspect and review the student's educational records
- The right to request the amendment of the student's educational records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights
- The right to consent to disclosure of personally identifiable information contained in the student's educational records, except to the extent that this act authorizes disclosure without consent
- The right to file with the U.S. Department of Education a complaint concerning alleged failure of the Catasauqua Area School District to comply with the requirements of this act.
- The right to obtain a copy of the Catasauqua Area School District student record policy/procedures

Parent Teacher Forum: The Catasauqua Middle School Parent Teacher Forum welcomes parents, teachers, and other community members to join. This organization is committed to enhancing students' education through informative meetings, fund raising, and community involvement. Meetings are held on the third Tuesday of every month in the Multimedia Center at 7:00 p.m. There is a mailbox for the Catasauqua Middle School Parent Teacher Forum located in the main office.

Personal Communication Devices/Cell Phones/Electronic Devices: During the school day, students are prohibited from using or displaying cell phones or any other electronic communication device. Electronic devices are expected to be turned off and in students' backpacks or lockers. Students may not use cell phones to make calls or text messages during school hours, from 7:45 AM - 2:20 PM. This includes during classes, between classes, in lavatories and at lunch. Students may not use cell phones as entertainment during the school day. This includes playing games, going online, checking time, etc. If a phone call must be made, students may use the phone located in the classroom or may use the phone in the main office.

Student possession of any audio, video, or digital device, including but not limited to iPods, MP3 players, laser pointers, radios, portable speakers, smart watches, digital cameras, pagers, or any other personal communication devices, etc. is strictly prohibited at Catasauqua Middle School.

Exceptions to the above prohibition will be allowed as necessary at the discretion of administration. Students who violate this policy will be subject to the following disciplinary action(s):

1st offense: Warning, student conference, confiscation of the device and returned to the student at the end of the day.

2nd offense: Detention, student conference, confiscation of the device and returned to the parent/guardian.

3rd offense: Saturday SAC, student conference, confiscation of the device and returned to the parent/guardian.

4th offense: Two detentions and Saturday SAC, student and parent conference; confiscation of the device to be returned to the parent/guardian.

*Disciplinary responses to all incidents/infractions concerning personal communication devices could be changed at the discretion of administration. Refusal to hand over a prohibited device when asked by staff may result in additional discipline for defiant insubordination at the Administration's discretion. Unauthorized use of cell phones and electronic devices disrupts the instructional program, distracts from the learning environment and has the potential to compromise student safety. CASD strictly prohibits any unauthorized use of video and/or audio recording and will be referred to a level three offense. (See Page 23)

Physical Education Policy: Students in 5th and 6th grade are not required to change for physical education classes; they should wear comfortable, loose fitting clothes and sneakers for physical education classes. Students in 7th and 8th grade should also wear comfortable, loose fitting clothes and sneakers, with the option to change. All jewelry and any other body apparel deemed unsafe by the physical education teacher must be removed before participation.

It is the responsibility of the student to safeguard any valuables. Neither the physical education teacher nor the middle school is responsible for lost or stolen valuables.

Students will be excused from physical education class for medical reasons by presentation of a physician's excuse. Failure to fully participate in physical education class will result in a failing grade for that class.

Power Announcement: Power Announcements are a tool to improve parent communication, deliver real time information to you and provide awareness of events that take place within the district. Keeping you informed is a top priority of the Catasauqua Area School District, which is why we have adopted the POWER ANNOUNCEMENT Notification Service. This system will allow us to send telephone, text, or e-mail messages to you providing important information regarding school delays or cancellations due to inclement weather, as well as remind you about various events, such as report card distribution, open house, field trips, and more. The system will also be used to inform parents when their child is absent from school. In the event of an emergency at school, you can have peace of mind knowing that you will be informed immediately. To ensure POWER ANNOUNCEMENT system announcements reach the proper destinations, please keep your contact information updated. Please ensure your contact information is up to date within the PowerSchool Parent Portal to ensure you receive communications from the School District. Please contact the main office if you are in need of assistance.

PowerSchool: Parents or guardians can access a student's grades in PowerSchool from the Catasauqua Area School District's website. Parents create their PowerSchool account at the time of registration/enrollment of their child/ren. For re-enrolled students, parents will be able to access the parent portal previously set up. If a parent does not remember their username and password, they can contact the Main Office for assistance.

Program of Studies: The program of studies for each grade level is made up of **two** parts.

The **first** part of the program is a common core of full-credit academic subjects. These subjects are language arts, mathematics, science, and social studies. The **second** part of the program is the related arts. Students will have four related arts classes and attend one related arts class per marking period. The student must pay for all materials that are not normally supplied by the school. Physical education is offered to all students. Physical Education classes are grouped by grade level.

Prohibition of Anabolic Steroids: The use of anabolic steroids by students is prohibited. Students are hereby informed that anabolic steroids are classified as controlled substances and that the use, unauthorized possession, purchasing, or selling of them could subject them to suspension, expulsion, and/or criminal prosecution.

All students are subject to the penalties prescribed for drug and alcohol use. Students who participate in school-related athletics and violate these rules and regulations, including the prohibition of anabolic steroids, are further subject to the following:

- For a first time violation, suspension from school athletics for the remainder of the season.
- For a second violation, suspension from school athletics for the remainder of the season and for the following season; and
- For a third violation, permanent suspension from athletics.

Eligibility for participation in school athletics shall be limited. No student shall be eligible to resume participation in school athletics unless there has been a medical determination that no residual evidence of anabolic steroids exists. The school may require participation in drug counseling, rehabilitation, testing, or other programs as a condition of reinstatement in a school athletic program.

Promotion Requirements:

- **5th & 6th Grade:**
Student promotion for each year will rely primarily on individual academic performance. The greatest consideration will be on the core subjects (language arts, math, science, and social studies). Part-credit subjects will be carefully reviewed. Teachers and guidance personnel will also make recommendations in regard to each student's participation as well as their social, emotional, physical, and academic needs.
- **7th & 8th Grade:**
 - o At least 5 units of credit are required for promotion.
 - o Promotion to a higher grade is based on subjects passed, NOT on overall grade point average.
 - o Core subjects (Language Arts, Math, Science, and Social Studies) meet every day and have a value of one unit of credit.
 - o Each student is required to earn one unit of credit from among the related arts subjects. Each related arts subject is worth .25 units of credit.
 - o Any student who fails one or more units of credit will be retained and will need to earn sufficient make-up credits in a summer school to be promoted. **Please note:** make-up courses are available only from the basic core subjects (Language Arts, Math, Science, and Social Studies)

PSSA - Pennsylvania System of School Assessment: The annual Pennsylvania System of School Assessment (PSSA) is a standards based criterion-referenced assessment used to measure a student's attainment of the academic standards while also determining the degree to which school programs enable students to attain proficiency of the standards. At CMS, students in grades 5 through 8 are assessed in ELA and Math. Also, students in grade 8 are assessed in Science. Individual student scores, provided only to their respective schools, can be used to assist teachers in identifying students who may be in need of additional educational opportunities.

Public Displays of Affection: Overt public displays of affection between two people that may cause discomfort or embarrassment to others are better expressed in private. **Public displays of affection are not appropriate in an educational setting.**

Remind App: CMS will utilize the Remind APP as an additional method of communication. Classroom teachers will provide parents and students with information on how to sign up for the app. It is important to register for the Remind App to ensure you do not miss any vital communications from CMS.

Responsibilities of Students:

1. Student responsibilities include regular school attendance, conscientious effort in classroom work, and conformance to school rules and regulations. Most of all, students share with the administration and faculty a responsibility to develop a climate within the school that is conducive to wholesome learning and living.
2. No student has the right to interfere with the education of his/her fellow students. It is the responsibility of each student to respect the rights of teachers, students, administrators, and all others who are involved in the educational process.
3. Students should express their ideas and opinions in a respectful manner so as not to offend or slander others.
4. Students shall respect the authority of school personnel. If they feel that teachers or bus drivers are exceeding their authority or acting on incorrect information, they should obey and then consult the school office at the first opportunity.
5. It is the responsibility of the students to
 - Be aware of all rules and regulations for student behavior and conduct themselves in accordance with them.
 - Be willing to volunteer information in matters relating to the health, safety, and welfare of the school community and the protection of school property.
 - Dress and groom themselves to meet fair standards of safety and health so as not to cause substantial disruption to the educational process being sure they are in compliance with the CMS Dress Code Policy.

 - Make all necessary arrangements for making up work when absent from school.
 - Pursue and attempt to satisfactorily complete the courses of study prescribed by the state and local school authorities.
 - Avoid inaccuracies and indecent or obscene language especially in student newspapers or publications.

Saturday SAC (Student Accountability Center): The purpose of Saturday SAC (Student Accountability Center) is to deter negative behavior within the school environment and to prevent a student from missing valuable class time during the school week. Administration reserves the right to assign Saturday SAC at any time, depending on the severity of the infraction. Written notification will be provided to the parent/guardian. Saturday SAC will begin at 8:00 a.m. and end at 10:00 a.m. on the following assigned Saturdays during the 2023-2024 school year: September 23; October 14; November 18; December 16; January 13 & 27; February 10 & 24; March 16; April 13; May 4, 11 & 25. ****Please note that these dates are subject to change. Additional dates may be added as needed.** In the event of inclement weather, cancellations to Saturday SAC will be announced in the same manner as school cancellation announcements. Students will be notified on the next school day as to their new Saturday SAC date.

- **Receiving a Saturday SAC**
 - Saturday SAC may only be issued by an administrator who will provide a minimum of 48 hours notice to a student and their parents.
 - Students are responsible for arranging their own transportation to and from the Saturday SAC if necessary.
 - Saturday SAC does not eliminate regularly assigned detentions. Students will still need to serve any outstanding detention(s) that have been assigned.
 - Saturday SAC students are ineligible to participate in any school related functions or activities on the assigned Saturday SAC date.
- **Procedure for Saturday SAC**
 - Report to CMS main entrance prior to 8:00 a.m.
 - The Saturday SAC monitor will open the doors and the students will report to the cafeteria. At this point, the doors will be locked and students will no longer be able to enter the building.
 - Reporting late to Saturday SAC will be considered a cut. (Please refer to the occurrence chart/consequences for cutting Saturday SAC on page 25).
 - **The only excused absence from a Saturday SAC requires a doctor's note.** This note must be turned in to the Assistant Principal no later than 9:00 a.m. on the Monday following the Saturday SAC date.
- **Expectations/Rules for Saturday SAC**
 - ALL CMS rules apply while serving Saturday SAC.
 - Students are expected to be on time, bring required materials: pens, pencils, textbooks, notebooks, folders, class notes and worksheets, complete all required assignments, and remain silent unless addressed by the Saturday SAC monitor.

School Administration, School Resource Officer (SRO), & Law Enforcement Officials: It shall be the policy of Catasauqua Middle School that a reasonably cooperative effort be maintained between the school administration, school resource officer and law enforcement agencies. The school resource officer and/or law enforcement officials may be summoned to conduct an investigation of alleged criminal conduct on the school premises or during a school-sponsored activity or to maintain the educational environment. They may also be summoned to maintain or restore order when the presence of such officers is necessary to prevent injury to persons or property.

Investigations Conducted in the Educational Environment:

- **Initiated by School Administrators:**
 - Conducted by administrators: Principals and their designees shall have the authority and duty to conduct investigations and to question students pertaining to infractions of school rules, whether or not the alleged conduct is a violation of criminal law. Such investigations shall be conducted in a way that does not unduly interfere with school activities.

- Conducted by school resource officer and/or law enforcement officers:
 - The principal shall determine when the necessity exists to contact law enforcement officers when the behavior of persons jeopardizes the safety of students, school staff, or school property, or interferes with the operation of the school or to conduct an investigation of alleged criminal behavior.
 - The principal may request that the school resource officer and/or law enforcement officers conduct an investigation and question students who are potential witnesses of such alleged criminal behavior during school hours.
 - If the investigation has centered on any particular student suspected of such alleged criminal activity, the procedures of taking students into custody by the police set forth below shall be followed.
- **Initiated by Law Enforcement Officers:**
 - Law enforcement officers shall be requested to obtain prior approval of the principal or other designated person before beginning an investigation on school premises during school hours. The circumstances for such an investigation should ordinarily be limited to those in which delay might result in danger to any person, flight from the jurisdiction by a person reasonably suspected of a crime, or destruction of evidence. Alleged criminal behavior related to the school environment brought to the principal's attention by law enforcement officers shall be dealt with under the provisions above.
- **QUESTIONING OF STUDENTS DURING INVESTIGATION**
 - Violation of school rules: In instances where school rules have allegedly been violated, the principal or designee shall contact the suspected rule violator or potential witness to the infraction.
 - The suspect student should be advised orally or in writing of the nature of the alleged offense and of the evidence, if any, against him/her.
 - In questioning a potential student witness to alleged disciplinary infraction, the student should be told the nature of the alleged misconduct and the reason to believe he/she was a witness.
 - Violation of criminal law: During an investigation of a violation of school rules, it may come to the attention of the administrator that the investigated activity may also be a violation of criminal law. Where a suspected violation of criminal law involving the operation of the school has occurred on the school grounds or during a school-sponsored activity, the school resource officer and/or law enforcement officials may be notified and their presence requested for the questioning of suspected students. Reasonable attempts should be made to contact a student's parents, guardians, or representative.
- **Taking a Student into Police Custody:**
 - When it is necessary to take a student into custody on school premises, and if time permits, the school resource officer and/or law enforcement officer shall be requested to contact the school principal and relate the circumstances necessitating such action. When possible, the principal shall have the student summoned to the principal's office where the student may be taken into custody.
 - Students may not be released to law enforcement authorities voluntarily by the school unless the student has been placed under arrest. When students are removed from the school by law enforcement authorities for any reason, every reasonable effort will be made to contact the student's parents, guardians, or representative immediately. The superintendent's office shall be notified immediately of any removal of a student from school by law enforcement officers.

- **Police and the Disturbance of School Environment:**

- The school resource officer and/or law enforcement officers may be requested to assist in controlling disturbances of the school environment which the principal or other school administrator has found to be unmanageable by school personnel and which have the potential of causing harm to students, staff members, and other persons, or to property. Such potential harm includes members of the general public who exhibit undesirable or unlawful conduct on school premises or at a school event held on school property, or who have been requested to leave by an administrator but have refused to do so.

- **Students with Disabilities and Law Enforcement:**

- School administrators and staff members shall not discriminate on the basis of disabilities. When decisions are made with regard to involvement of law enforcement officers at a school or at school events, school administrators and staff members making such decisions shall do so without regard to whether the particular student or students involved have disabilities.
- When the school resource officer and/or law enforcement officials are contacted by school officials regarding a student with disabilities, or the school resource officer and/or law enforcement officials interview or take a student with disabilities into custody, the school's administration will immediately notify members of the student's individual education program team and recommend that the team meet as soon as possible to consider the student's circumstances in light of his/her special education needs.

Pennsylvania has launched the anonymous reporting system, Safe2Say Something (S2SS). This program, which is mandated under PA state law / Act 44, educates participants to recognize warning signs and signals, especially within social media, of individuals who may be a threat to themselves or others. It encourages participants to *Say Something* to a trusted adult OR use the S2SS anonymous reporting system if they have a concern. There are three ways to make an anonymous tip: (1) download and use the Safe2Say Something App for Apple and Android; (2) visit www.safe2saypa.org; (3) call 1-844-SAF2SAY or 1-844-723-2729.

A student is responsible for appropriate behavior during the school day, in any school district building, school bus, other school vehicle or on any school property owned by, leased by, or under the control of the school district, and at all school sponsored activities, or any other activity when students are representing the school district.
2. Violations of law, school district policy, or standards set forth in the ***Catasauqua Middle School Parent/Student Handbook*** will not be tolerated.
3. Violations of the ***Handbook*** policy on hazing will not be tolerated. Hazing is defined as any activity that recklessly or intentionally endangers the mental health, physical health or safety of a student for the purpose of initiation or membership in or affiliation with any group.
4. The coach/advisor will decide any consequences of Level 1 or Level 2 violations set forth in the ***Handbook***, subject to final approval by the Principal and/or Director of Student Activities. The consequences for a Level 3 violation, or any violation of law or school district policy not set forth in the ***Handbook***, are set forth below:

5. CONSEQUENCES (SECTION #4)

1. The first offense will result in a suspension from activity for seven consecutive days, and include a suspension from at least one event (game, match, performance, etc.) during or immediately following the suspension. The Principal and/or Director of Student Activities may make a recommendation to the Superintendent, based on the severity of the offense, for the student to be removed from the team/activity for the remainder of the season and/or the remainder of all activities for the school year. The recommendation by the Principal and/or Director of Student Activities may only be made after consultation with the coach/advisor.
2. The second offense results in the immediate removal from the team/activity for the duration of the current sports season. For activities that do not have a defined season, the current sports season will be used.
1. The third offense results in non-participation in activities for the remainder of the school year.

Offenses are credited on a school year basis. Offenses can be carried over to the next school year and result in continued non-participation in activities in the next school year, based on the severity of an offense, and after consultation with the Superintendent.

Athletics – Participation Requirements

ATHLETIC PARTICIPATION DURING THE SCHOOL DAY

Students who arrive at school after **8:30 a.m.** are ineligible to participate in any games/performance during that day, unless they provide a doctor's excuse or an excuse that is approved by the building administration.

HEALTH/INJURED STATUS

Students who are injured when participating in athletics and/or extracurricular activities are required to obtain permission from a certified physician (written permission with signature) and/or the school trainer (verbal and/or written permission) before the student will be allowed to return to practice or participate in an athletic event or extracurricular activity. Coaches, students, and/or parents will not be allowed to unilaterally determine when a student should be able to return to practice or participate in an athletic event or extracurricular activity.

STUDENT ACCIDENT INSURANCE

The Catasauqua Area School District does not carry medical insurance on students, but does provide parents the opportunity to obtain a group student accident insurance policy. Applications are given to each student to give to his/her parent/guardian at the beginning of each year. Applications are also available in the office of each school throughout the school year.

All student athletes who participate in interscholastic sports or any school-sponsored activity are automatically covered for injuries sustained through an accident medical insurance program paid by the school district. Benefits are payable for the first \$100 of eligible expenses. Thereafter, benefits are payable that are not recoverable from another health care plan up to policy limits.

ATHLETIC COURTESY

Athletics should foster sportsmanship. It is the privilege and duty of every person connected with athletics to exemplify these principles in his/her own actions.

1. The rules of the game are to be regarded as mutual agreements, the spirit or letter of which no honorable person would breach. The stealing of advantage in sport is theft.
2. No unfair advantages are to be sought over others.
3. Unsportsmanlike or unfair means are not to be used, even when they are used by opponents
4. Visiting teams are to be honored guests of the home team and should be treated as such.
5. No action is to be taken nor course of conduct pursued which would seem unsportsmanlike or dishonorable if known to one's opponent or the public.
6. Remember that a student spectator represents his/her school the same as does the athlete.
7. Any spectator who continually evidences poor sportsmanship can expect to be barred from attending future contests.
8. Decisions of officials are to be abided by, even when they seem unfair.
9. Officers and opponents are to be regarded and treated as honest in intention. In games when opponents conduct themselves in an unbecoming manner, and when officers are manifestly dishonest or incompetent, future relationships with them should be avoided.
10. Good points in others should be appreciated and suitable recognition given.
11. The practice of "booing" is regarded as discourteous and unsportsmanlike.

APPENDIX A

Catasauqua Area School District Acceptable Computer Use / Internet Safety Policy

Section I. Responsibilities and Privileges

a. Purpose and Goals of District Provision of Internet Access

The Catasauqua Area School District (CASD) will provide access to the district network and Internet for students with their parent's or guardian's consent to locate material to meet their educational and personal information needs. School library media specialists and teachers will work together to help students develop the critical thinking skills necessary to discriminate among information sources, to identify information appropriate to their age and developmental levels, and to evaluate and use

information to meet educational goals that are consistent with the school district's strategic plan and standards.

CASD will also provide access to the district network and Internet for employees in order to fulfill the requirements of their position(s) as well as an information resource.

Access to the district network and Internet through school resources is a privilege, not a right, and may be revoked for anyone who uses these resources inappropriately as determined by school district authorities.

b. Inappropriate Materials Warning

Due to the nature of the Internet as a global network connecting millions of computers around the world, inappropriate materials, including pornography and obscenity, may be accessed through the Internet connected district network. While appropriate technological filtering mechanisms have been put in place to control access to content classified as obscene, pornographic or harmful to minors, CASD cannot completely block access to these resources because of the nature of the technology that allows the Internet to operate. Accessing these and similar types of resources through the school district network or transmitting such resources to school district networks from another site will be considered an unacceptable use of school district resources and will result in suspension of network, Internet, and computer privileges and other disciplinary action as outlined in appropriate district policies, included in building handbooks and on the CASD website, up to and including suspension and expulsion of students and termination of employees.

c. Education

The school district will ensure that all grade levels will receive age appropriate instruction on matters of safe Internet conduct, including cyberbullying awareness and response and proper interacting on social networking sites and chat rooms.

The school district will further inform all users regarding their individual responsibility to refrain from engaging in unacceptable uses of the network and as to the consequences of their actions if they do so.

d. Monitoring

In an effort to maintain a safe computing environment, district staff will monitor the online activities of students to the extent feasible. Such monitoring may include both direct examination of computers by teachers and other employees as well as remote technological monitoring tools. District staff may also monitor the online activities of employees through direct and remote means.

e. Technology Protection Measures

District Administration shall implement and maintain a technology protection measure that blocks or filters Internet access from any school computer or the school district network to protect against access to visual depictions that are obscene, child pornography, or harmful to minors, and any other inappropriate matter or materials harmful to minors. Adult employees shall be afforded a means to access appropriate Internet sites which are otherwise blocked or filtered by the technology protection measure, upon request to the Technology Department. Instructional employees and District administrators are authorized to permit student users to view appropriate Internet sites which are otherwise blocked or filtered by the technology protection measure, upon request to the Technology Department, so long as the employee or administrator personally and directly monitors the student's use of otherwise blocked or filtered sites to protect against access to visual depictions that are obscene, child pornography, or harmful to minors, and so long as the employee or administrator insures that the blocking/filtering technology protection measure is reactivated before the end of the direct monitoring.

f. Authentication Security

To ensure security of sensitive network based data (on internal data / messaging servers as well as the Student Information System), user login credentials for all employees and external authorized users will

be subject to enforced requirements on passwords and related syntax. Passwords will have a life limited to 30 days, minimum expected complexity, and restrictions on reusing from recent history. The systems will also lockout users after 3 unsuccessful login attempts. Students may be subject to a lower level of authentication security at the discretion of the District. It is expected that all network users will comply with and not seek to circumvent these security provisions.

g. Definitions

When used in this policy—

1. the term “user” includes both students and employees who are provided access to the district network and Internet through school resources;
2. the term “obscene” shall have the same meaning as defined for that term in 18 U.S.C. § 1460;
3. the term “child pornography” shall have the same meaning as defined for that term in 18 U.S.C. § 2256;
4. the terms “sexual act” and “sexual contact” shall have the same meanings as defined for such terms in 18 U.S.C. § 2246;
5. the term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that—
 - (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
 - (B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Section II. Authority

The Catsauqua Area School District reserves the right to determine which computer and network services will be provided through school district resources. It reserves the right to view and monitor all applications provided through the network, to log Internet use by users, review e-mail, and to monitor file server space utilization by users, and the information contained therein shall remain the property of the District and may be used as the District sees fit, including serving as the basis for disciplinary action and referral to outside authorities. Users acknowledge NO expectation of privacy in their use of the district network and computers. The school district reserves the right to revoke user privileges, remove user accounts, and refer to legal authorities when violations of this and any other applicable district policies, including those governing network use, e-mail, copyright, security, and vandalism of district resources and equipment occurs. The District specifically denies any responsibility for the accuracy or quality of information obtained through the Internet’s services. E-mail may only be made available to students or other minors if the District provides for the safety and security of minors when using e-mail, such as by the use of the Gaggle system to filter potentially inappropriate emails to or from student accounts and to notify District administrators of such filtered emails. The District will not be held liable for the receipt and/or transmission of inappropriate content.

APPENDIX C

Catasauqua Area School District LRE Mission Statement March 2, 2010

The Catasauqua Area School District is dedicated to the creation of an inclusive, dynamic learning community and environment that works collaboratively to develop partnerships with parents and community members to meet the diverse learning and social needs of the children we seek to educate. The district will be diligent in promoting the integration of children with disabilities with their non-disabled peers and maintain high expectations for all children based on an understanding that students with disabilities can achieve these expectations in different ways, with supplementary aids and services.

Catasauqua Area School District Annual Public Notice of Special Education Services and Programs, Services for Gifted Students and Services for Protected Handicapped Students (Revised July, 2018) Annual Notice to Parents

According to state and federal special education regulations, annual public notice to parents of children who reside within a school district is required regarding child find responsibilities. School districts (SDs), intermediate units (IUs) and charter schools (CSs) are required to conduct child find activities for children who may be eligible for services via Section 504 of the Rehabilitation Act of 1973. For additional information related to Section 504/Chapter 15 services, the parent may refer to Section 504, Chapter 15,

and the Basic Education Circular entitled Implementation of Chapter 15. Also, school districts are required to conduct child find activities for children who may be eligible for gifted services via 22 PA Code Chapter 16. For additional information regarding gifted services, the parent may refer to 22 PA Code Chapter 16. If a student is both gifted and eligible for Special Education, the procedures in IDEA and Chapter 14 shall take precedence.

This notice shall inform parents throughout the school district, intermediate unit, and charter school of the child identification activities and of the procedures followed to ensure confidentiality of information pertaining to students with disabilities or eligible young children. In addition to this public notice, each school district, intermediate unit, and charter school shall publish written information in the handbook and on the web site. Children ages three through twenty one can be eligible for special education programs and services. If parents believe that the child may be eligible for special education, the parent should contact the appropriate staff member identified at the end of this public notice.

Children age three through the age of admission to first grade are also eligible if they have developmental delays and, as a result, need Special Education and related services. Developmental delay is defined as a child who is less than the age of beginners and at least 3 years of age and is considered to have a developmental delay when one of the following exists: (i) The child's score, on a developmental assessment device, on an assessment instrument which yields a score in months, indicates that the child is delayed by 25% of the child's chronological age in one or more developmental areas. (ii) The child is delayed in one or more of the developmental areas, as documented by test performance of 1.5 standard deviations below the mean on standardized tests. Developmental areas include cognitive, communicative, physical, social/emotional and self-help.

Signs of developmental delays or risk factors that might indicate a disability could include, but are not limited to, poor prenatal care, birth trauma, febrile or other seizure activity, severe reaction to early medication or inoculation requiring extended medical care, or severe trauma to the head, followed by failure to attain developmental milestones for communication, motor development, socialization, emotional development, self-help skills, or cognition; unexplained failure to attain developmental milestones in these areas; failure to use toys and other objects in a developmentally appropriate manner; persistent inability to sustain attention at levels sufficient to complete age-appropriate tasks; easy frustration with developmentally-appropriate tasks or activities; difficulty with coloring, letter formation, or drawing lines and shapes within age-appropriate parameters; difficulty building or sustaining age-appropriate relationships or conversations; persistent difficulty tolerating the presence of or interactions with peers or adults; persistent and severe disciplinary actions in preschool or school settings; failure to develop age or grade-level appropriate reading, writing, mathematical, listening, or speaking skills after exposure to sound instruction in these areas by qualified teachers; and failure to pass routine vision or hearing screenings. Other information regarding potential signs of developmental delays and other risk factors that could indicate disabilities can be found on the Catasauqua Area School District and the Carbon-Lehigh Intermediate Unit websites: <http://www.cattvsd.org> and <http://www.cliu21.org>.

Evaluation Process

Each school district, intermediate unit, and charter school has a procedure in place by which parents can request an evaluation. For information about procedures applicable to your child, contact the school which your child attends. Telephone numbers and addresses can be found at the end of this notice. Parents of preschool age children, age three through five, may request an evaluation in writing by addressing a letter to the intermediate unit staff.

Consent

School entities cannot proceed with an evaluation or reevaluation, or with the initial provision of special education and related services, without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PaTTAN website, www.pattan.net or at www.cattvsd.org. Once written parental consent is obtained, the district will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent education evaluation at public expense.

Program Development

Once the evaluation process is completed, a team of qualified professionals and parents determine whether the child is eligible. If the child is eligible, the individualized education program team meets, develops the program, and determines the educational placement. Supports and services will be provided by certified special education personnel. Once the IEP team develops the program and determines the educational placement, school district staff, intermediate unit staff, or charter school staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

Confidentiality of Information

The SDs, IUs and CDs maintain records concerning all children enrolled in the school, including students with disabilities. All records are maintained in the strictest confidentiality. Your consent, or consent of an eligible child who has reached the age of majority under State law, must be obtained before personally identifiable information is released, except as permitted under the Family Education Rights and Privacy Act (FERPA). The age of majority in Pennsylvania is 21. Each participating agency must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. Each participating agency must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who have access to personally identifiable information. For additional information related to student records, the parent can refer to the Family Education Rights and Privacy Act (FERPA).

Records are maintained as long as they remain educationally relevant. The purposes of collecting and maintaining records are (1) to ensure that the child receives programs and services consistent with his or her IEP; (2) to monitor the ongoing effectiveness of programming for the child; (3) to document for the public school and the parents that the student is making meaningful progress; (4) to satisfy the requirements of state and federal agencies who have an interest in inspecting or reviewing documents concerning particular students or groups of students for purposes of compliance monitoring, complaint investigation, and fiscal and program audits; and (5) to inform future programming for and evaluations of the child. When educational records, other than those which must be maintained, are no longer educationally relevant, the public school must notify the parents in writing and *may* destroy the records or, at the request of the parents, *must* destroy them. Public schools are not required to destroy records that are no longer educationally relevant unless the parents so request in writing.

The Pennsylvania Department of Education (“PDE”) will destroy or have destroyed all test booklets for the Pennsylvania System of School Assessment (“PSSA”), Keystone Exams, and Pennsylvania Alternative System of Assessment (“PASA”) one year from the date on which student results are delivered. PDE will also destroy or have destroyed all answer booklets for the PSSA and Keystone exams and all media recordings for the PASA three years from the date on which the assessment is completed.

This notice is only a summary of the Special Education services, evaluation and screening activities, and rights and protections pertaining to children with disabilities, children thought to be disabled, and their parents.
